

## School of (Forge)Rock

---

Determining how to architect, build and deploy your ForgeRock® identity solution can be a complex process. ForgeRock® University combines training, enablement and technology to arm you with the skills you need to execute a smooth deployment plan.

ForgeRock University offers a job-role driven curriculum for system integrators, consultants, administrators and developers who are working with our leading ForgeRock Identity Platform™ offering. This ensures that whatever role you have, you always have the right skills for the tasks. With course materials developed in partnership with our leading technical experts, we offer the most comprehensive learning to support your deployment of the ForgeRock Identity Platform.

Regardless of your experience with our products, ForgeRock University has a training option to fit your needs.

## Designed to Our Customers' Requirements

---

We understand that our customers are investing valuable time and resources when they take our training so we make every effort to tailor our content to the participants in each class. We also ensure that only the most experienced and skilled instructors teach our classes. Upon request, we will tailor content for specific project and skill needs as well as deliver courses privately.

No matter where your technical teams are located, we are able to provide access to our training courses. Our courses are delivered worldwide in traditional in-person classrooms as well as via live, virtual classrooms.

## ForgeRock Certification – Demonstrate Your Identity Skills

---

ForgeRock offers world-class certifications designed to validate and recognize IT professionals with the technical capabilities and real-world experience needed to effectively design, deploy, and manage the ForgeRock Identity Platform.

Identity management success requires professionals who can prove their mastery with the tools and techniques of identity and access management, which are critical for today's organizations. At ForgeRock we are drawing on our industry leadership and real-world experience to address the identity talent gap.

### Include Training Credits with Your Subscription and Save!

We have found that customers who invest in training during the early stages of their project are able to see results faster and at lower resource cost. So, to encourage customers to invest in training early, we offer Training Credits that can be purchased with your ForgeRock subscription and can save you up to 45% on classes. Ask your sales rep for more information.

“ The scope of the training is wide and detailed enough to give a really good understanding on all aspects of ForgeRock Access Management.”
